1 Introduction 1
  1.1 Why Investigate Processing Fluency? 2
  1.2 Fluency From the Motor System 4
  1.3 Fluency From Multimodal Conceptual Thought 9
  1.4 Fluency and Self-Regulation 11
  1.5 Summary 13

2 The Groove Move 15
  2.1 Experiment 1: Affective Consequences of Visuo-Motor Fluency 21
  2.2 Experiment 2: Objective and Subjective Fluency Experiences 26
  2.3 General Discussion 33

3 When Picking Sides Becomes Physical 35
  3.1 Experiment 1: Handedness 41
  3.2 Experiment 2: Situational Constraints 44
  3.3 General Discussion 47

4 Getting in Touch With Your Senses 51
  4.1 Modality-Specific Processing and Semantic Richness 53
  4.2 Representational Richness and Processing Fluency 56
  4.3 Overview of the Current Research 57
  4.4 Experiment 1: Multi-Modality Contexts Produce Positive Affect 58
