Contents

1 General introduction: Pulmonary arterial hypertension and right ventricular failure 11
   1.1 General introduction 11
   1.2 Aim and outline of the thesis 15

2 Right ventricular ejection fraction is better reflected by transverse rather than longitudinal wall motion in pulmonary hypertension 19
   2.1 Introduction 20
   2.2 Materials and methods 20
   2.3 Results 23
   2.4 Discussion 29
   2.5 Conclusions 32

3 Progressive changes in right ventricular geometric shortening and long-term survival in pulmonary arterial hypertension 35
   3.1 Introduction 36
   3.2 Methods 36
   3.3 Results 38
   3.4 Discussion 45
   3.5 Conclusions 47
