FOSTERING SELF-REGULATION IN HEALTH IN ORGANISATIONS

Arjella van Scheppingen
The studies presented in this thesis were performed at the Netherlands Organisation of Applied Scientific Research TNO, Hoofddorp, the Netherlands. The studies described in this thesis originated from Body@Work, Research Center on Physical Activity, Work and Health, which is a joint initiative of VU University Medical Center (Department of Public and Occupational Health, EMGO+ Institute for Health and Care Research), VU University Amsterdam, and the Netherlands Organisation for Applied Scientific Research TNO.

The studies were part of the research program ‘Vitality in Practice’, which is funded by Fonds Nuts Ohra (Nuts Ohra Foundation).

Financial support for the printing of this thesis has kindly been provided by Body@Work, Research Center on Physical Activity, Work, and Health.
