## Contents

- Account 7
- List of Abbreviations 9

1 Introduction 13
2 Theoretical concepts 27
3 Research design 41

### Part 1

**Understanding for the design of stigma-reduction interventions**

4 The meaning of leprosy and everyday experiences: an exploration in Cirebon District, Indonesia 63
5 Narratives around concealment and agency for stigma-reduction: a study of women affected by leprosy in Cirebon District, Indonesia 83
6 Learning from a leprosy project in Indonesia: making mindsets explicit for stigma-reduction 99

### Part 2

**Understanding and assessing the effects of stigma-reduction interventions**

7 Lay and peer counsellors to reduce leprosy-related stigma – lessons learnt in Cirebon, Indonesia 119
8 “People like me don’t make things like that”: Participatory video as a method for reducing leprosy-related stigma 141
9 The cultural validation of two scales to assess social stigma in leprosy 161
10 A cluster-randomized controlled intervention study to assess the effect of a contact intervention in reducing leprosy-related stigma in Indonesia 187

### Part 3

**Discussion, conclusions and reflections**

11 Discussion and conclusions 217
Epilogue 1. A reflection on positionality and knowledge processes in transdisciplinary research 239
Epilogue 2. “Is it time to retire the concept of stigma?” 247
