Contents

1. **General Introduction**  
   1.1 Science Centers and Public Engagement with Science  
   1.2 Research Framework  
   1.3 Theoretical Approach  
   1.4 Methodological Considerations  
   1.5 Limitations  
   1.6 Outline of the Dissertation  
   1.7 References  

2. **The Need for Public Participation in the Governance of Science Centers**  
   2.1 Abstract  
   2.2 Introduction  
   2.3 Democratizing the Science Museum  
   2.4 Science Centers and their Publics  
   2.5 Sharing Authority for Public Programs  
   2.6 Visitor Voices  
   2.7 Discussion  
   2.8 References  

3. **Science Centers and Public Participation: Methods, Strategies, and Barriers**  
   3.1 Abstract  
   3.2 Introduction  
   3.3 Method  
   3.4 Analysis  
   3.4.1 What Are the Current Processes of Decision Making in Science Centers?  
   3.4.2 Are There Methods and Strategies to Include the Public in the Decision-Making Processes in Science Centers?  
   3.4.3 What Are the Barriers and Obstacles That Limit or Prevent Public Participation in Museums?  
   3.5 Discussion  
   3.5.1 Toward a Public Model of Governance?  
   3.5.2 Implementing Two-Way Communication in the Governance of Science Museums  
   3.6 Conclusions  
   3.7 Acknowledgments  
   3.8 References  

   4.1 Abstract  
   4.2 Introduction  
   4.3 Public Participation in Science Museums
### 4. European Science Centers as Brokers of Public Participation

- **5.1 Abstract**
- **5.2 Introduction**
- **5.3 Three Levels of Public Participation in Science Centers and Museums**
- **5.4 Methodology**
- **5.5 Results**
- **5.6 Discussion and Conclusions**
- **5.7 Acknowledgments**
- **5.8 Appendix**
- **5.9 References**

### 6. General Discussion

- **6.1 Summary of the Main Findings**
- **6.2 Discussion of the Results and Theoretical Implications**
  - 6.2.1 Democratizing Public Participation
  - 6.2.2 Engaging the Already Engaged
  - 6.2.3 The Political Agency of Science Centers
  - 6.2.4 Re-aligning Science Centers with their Public
- **6.3 Methodological Considerations**
  - 6.3.1 Methodological Strengths
  - 6.3.2 Limitations and Weaknesses
- **6.4 Directions for Future Research**
  - 6.4.1 Study Relevance at Local Level
  - 6.4.2 Include Non-visitors
  - 6.4.3 Study the Impact of Science Centers on Scientific Citizenship
  - 6.4.4 Study Broader Concepts of Participation
- **6.5 Implications and Recommendations for Practice and Policy**
  - 6.5.1 Broaden the Scope of Co-development
  - 6.5.2 Focus on Adult Visitors
  - 6.5.3 “Bring the political back in”
- **6.6 Final Conclusions**
- **6.7 References**

**Summary**

**Thank you**
