Chapter 1 9
General introduction

Chapter 2 25
Live imaging of secretory vesicles trafficking and fusion in hippocampal neurons

Chapter 3 45
Munc18-1 and Munc18-2 are required for efficient neuropeptide secretion in DIV14 hippocampal neurons

Chapter 4 67
CAPS-1 promotes fusion competence of stationary dense-core vesicles in presynaptic terminals of mammalian neurons

Chapter 5 101
Munc13 controls the location and efficiency of dense-core vesicle release in neurons

Chapter 6 123
