

# **Pacific oysters and parasites**

Species invasions and their impact on  
parasite-host interactions

The research presented in this thesis was carried out at the Department of Coastal Systems of the Royal Netherlands Institute for Sea Research (NIOZ), 't Horntje (Texel), The Netherlands in collaboration with the Alfred Wegener Institute (AWI), Helmholtz Centre for Polar and Marine Research, List (Sylt), Germany.

This work was financially supported by the Netherlands Organization for Scientific Research (NWO) and the German Bundesministerium für Bildung und Forschung (BMBF) (NWO-ZKO project 839.11.002 awarded to David W. Thieltges). The printing was supported by NIOZ.

This thesis should be cited as:
