Chapter 1  General introduction and outline of this thesis 9

Part I  Clinical perspective
Chapter 2  A case series of intestinal adenomatous polyposis of unidentified etiology; a late effect of irradiation? 27
  – BMC Cancer 2016
Chapter 3  Overall and disease-specific survival of Hodgkin lymphoma survivors who subsequently developed gastrointestinal cancer 45
  – Submitted
Chapter 4  Colorectal cancer surveillance in Hodgkin lymphoma survivors at increased risk of therapy-related colorectal cancer: study design 71
  – BMC Cancer 2017
Chapter 5  Colonoscopy surveillance detects a high prevalence of advanced colorectal neoplasia and serrated polyposis syndrome in Hodgkin lymphoma survivors 89
  – Submitted
Chapter 6  Burden of a first surveillance colonoscopy in Hodgkin lymphoma survivors at increased risk of colorectal cancer 113
  – Submitted

Part II  Histopathology and molecular pathology
Chapter 7  Double somatic mutations in mismatch repair genes are frequent in colorectal cancer after Hodgkin lymphoma treatment 135
  – Gut 2016
Chapter 8  Molecular characterization of gastric cancer diagnosed in patients previously treated for Hodgkin lymphoma or testicular cancer 169
  – Submitted
Chapter 9  Summary and general discussion  197

Chapter 10  Nederlandse samenvatting  227

Appendix  List of abbreviations  241
