## Contents

Chapter I. Introduction 1  
1.1. Motivation 1  
1.2. Theoretical background 3  
1.3. Thesis outline and research approach 6  

Chapter II. Mapping sustainable consumption in marketing: four distinct frames shape our insights. 9  
2.1. Introduction 10  
2.2. Theoretical foundations 11  
2.3. Methodology 16  
2.4. Analysis 19  
2.5. Results 20  
2.6. Conceptual frames for research on sustainable consumption 27  
2.7. Concluding remarks 33  

Chapter III. Am I “making a difference”? Exploring the use of anchoring vignettes for environmental participative efficacy. 37  
3.1. Introduction 38  
3.2. Participative efficacy: background and domains 41  
3.3. Pilot study 47  
3.4. Main study 57  
3.5. Results 61  
3.6. Discussion 70  
3.7. Conclusion 71  

Chapter IV. Choosing your charity: the importance of value congruence between individual and NPO in a two-stage donation choice. 73  
4.1. Introduction 74  
4.2. Literature overview of donations as a two-stage process 79  
4.3. Description of data and analytical approach 82  
4.4. Model development 95  
4.5. Hypothesis testing 97  
4.6. Discussion 104  

Chapter V. Discussion 111  
5.1. Summary of main results 111  
5.2. Future directions of research 114  
5.3. Implications for practice 117  
5.4. Concluding remarks 119

Appendices 134  
Appendix 2A: Selected literature for review 134  
Appendix 2B: Coding scheme, descriptions, and number of times coded 150  
Appendix 3A: Measures pilot study with student sample 154  
Appendix 4A: Correlations between importance attributed to different NPO values 156
List of tables and figures

List of tables
Table 1.1. Overview of chapters
Table 2.1. Conceptualization choices of sustainable consumption
Table 2.2. List of journals and number of articles included in study
Table 3.1. Individual environmental actions proposed by four different actors in the Netherlands
Table 3.2. Final vignettes based on the results of pilot
Table 3.3. Distribution of responses to self-assessment question and related vignettes in the three domains
Table 3.4. Correlations, means and standard deviations of model variables
Table 3.5. Parameter estimate results
Table 3.6. Parameter estimate results from the parametric adjusted model of threshold estimates and log scale for vignettes in each domain
Table 4.1. Definitions of value types
Table 4.2. Overview of data collection
Table 4.3. NPO value items
Table 4.4. Differences between donors and non-donors
Table 4.5. Selection model for the likelihood to donate to any of the 13 NPOs
Table 4.6. Likelihood of donating to a specific organization
Table 4.7. Likelihood of donating to a specific NPO specified by charitable motives
