## Table of contents

Abbreviations 9

### Chapter 1  General Introduction 13

### PART I - SUBJECTIVE RESPONSES TO NOISE 43

**Chapter 2** Annoyance by transportation noise: The effects of source identity and tonal components 45

**Chapter 3** Type of activity and order of experimental conditions affect noise annoyance by identifiable and unidentifiable transportation noise 63

**Chapter 4** Noise annoyance caused by Continuous Descent Approaches (CDAs) compared to regular descent procedures 77

### PART II - PHYSIOLOGICAL RESPONSES TO NOISE 89

**Chapter 5** Mismatch Negativity (MMN) in high and low noise sensitive individuals 91

**Chapter 6** Acute effects of aircraft noise on the heart and nervous system, and the role of noise sensitivity in this process 105

**Chapter 7** Summary and Discussion 119
